DO WHAT'S RIGHT FOR YOU

bbrown

It's a new school year. Everyone is talking about the new after-school clubs because they're fun. You can learn new things and make new friends. But some pupils aren't interested in joining clubs. They may be shy or scared of groups. These pupils might be good at singing or playing an instrument but they like doing these activities alone. They don't want to join clubs and that's fine.

I'm a shy girl. I enjoy watching sports on TV, painting and playing my guitar. I'm not interested in joining a sports team, art club or the school orchestra. My friends were cross with me because I didn't want to join their clubs so I talked to my mum about it. She said, "It's OK. Be yourself. Do the things you like to do." I want to say to shy children like me, "Do what's right for you. Find friends who are like you. You don't always have to do what everyone else does."

I'm shy, too. I always feel bad when my classmates talk about signing up for after-school clubs. I'm glad to know that I'm not the only one.

suki.park

Wow! I love clubs and I never thought some children might not want to join them. Thanks for writing this. Personally, I don't like doing things alone so clubs are good for me.

New Olympic Sport

Do you like riding your bike fast? Did you know that extra-fast bike riding is a sport at the Olympics? Bike racing started as an Olympic sport in Athens in 1896. Over the years, there were road races and track races

and mountain-bike racing in the Olympic Games. Then, in the 2008 Beijing Games, a bike sport called BMX became a new Olympic sport. BMX started in California in about 1968. It's a very fast and dangerous sport so competitors have to be fearless to take part!

Both men and women compete in BMX. The bikes are light and very strong. They need to be strong enough for all the jumps and ramps and yet remain light so the riders can travel as fast as possible. The

tracks for men are about 450 metres long. They're a little shorter for women. But all the races last only 40 seconds! If you blink, you'll miss them!

The riders have created new words to talk about their sport, such as bunny-hop. A bunny-hop is when a rider's bike goes up in the air. The rider in the picture is bunny-hopping. Another word is 'whoop'. A whoop is a small bump in the road. The next time you ride your bike, watch out for whoops and don't bunny-hop. Stay safe!
