

Pearson English Portal | Test Generator

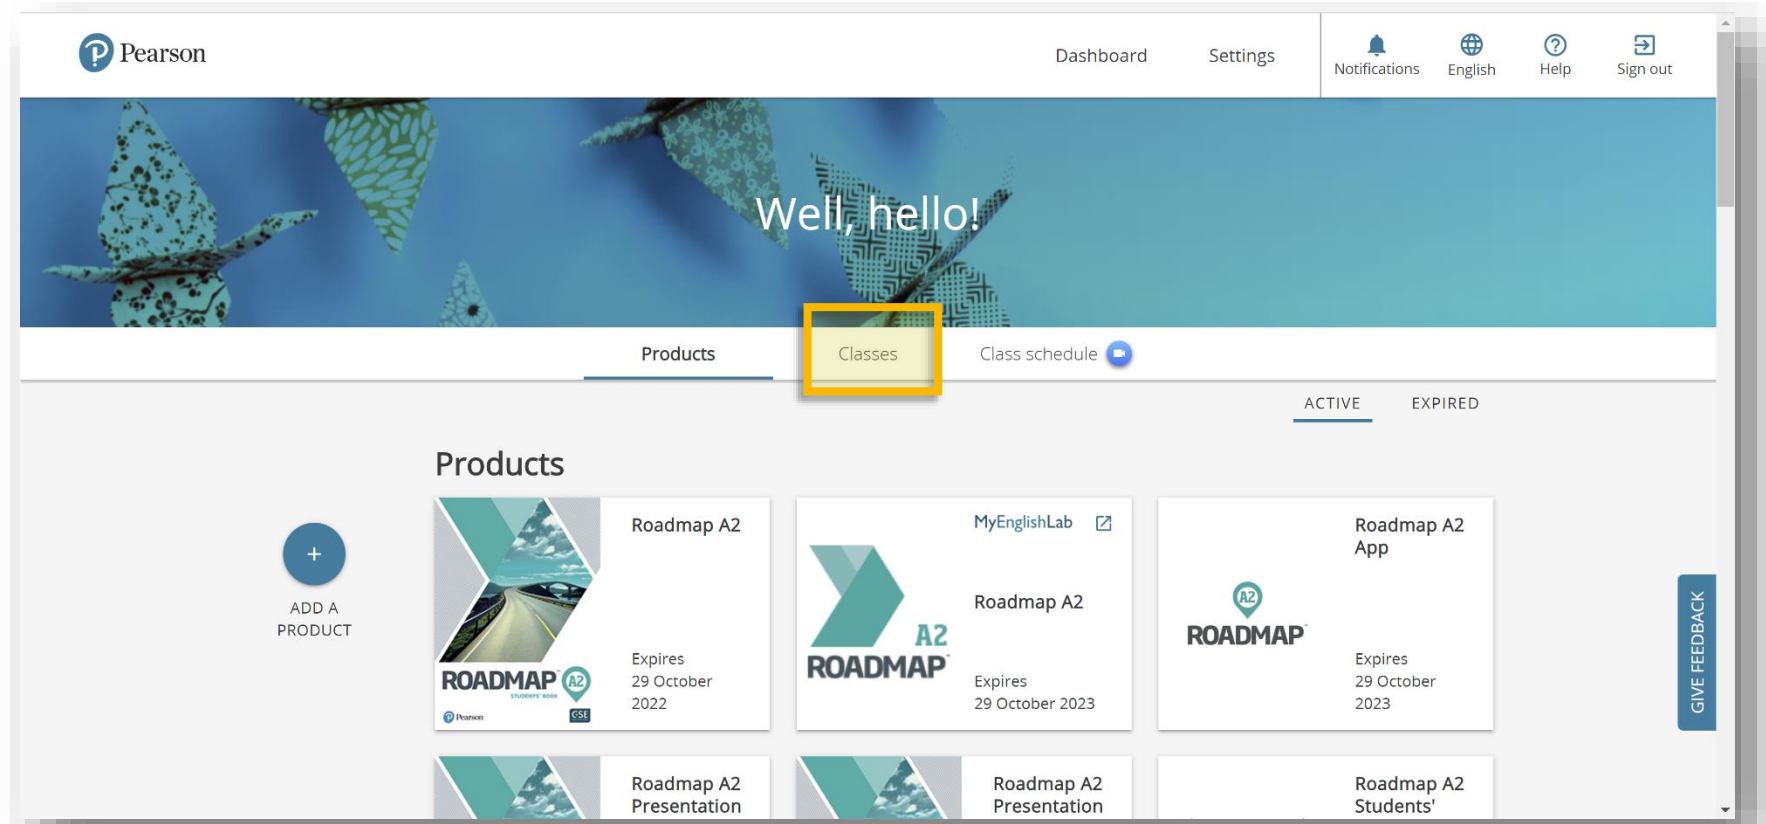

The Test Generator allows teachers to create tests based on the assessment package that comes with the course.

To create, assign and review tests use the *Classes* tab near the top of the screen on the Portal dashboard.

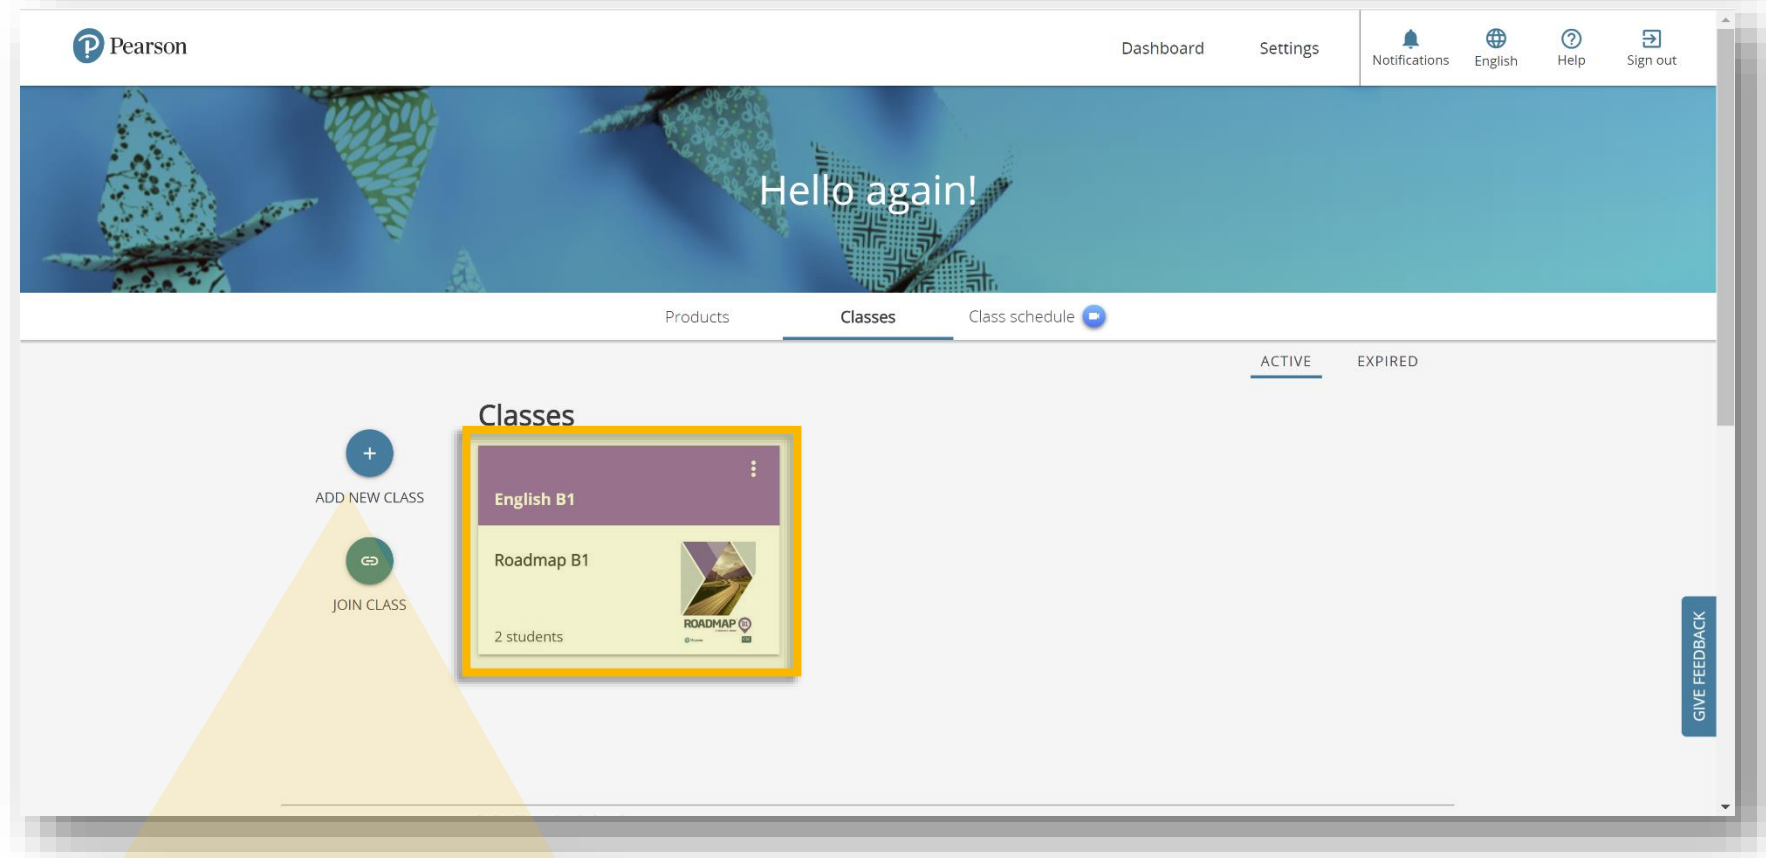

Creating a test

You first need to choose which class you will test.

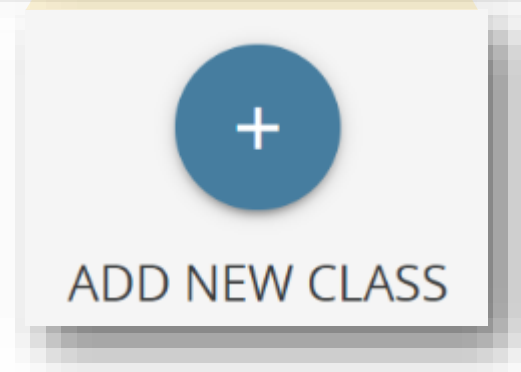

Click on the *Classes* tab.

Select the class you want to test from your existing classes.

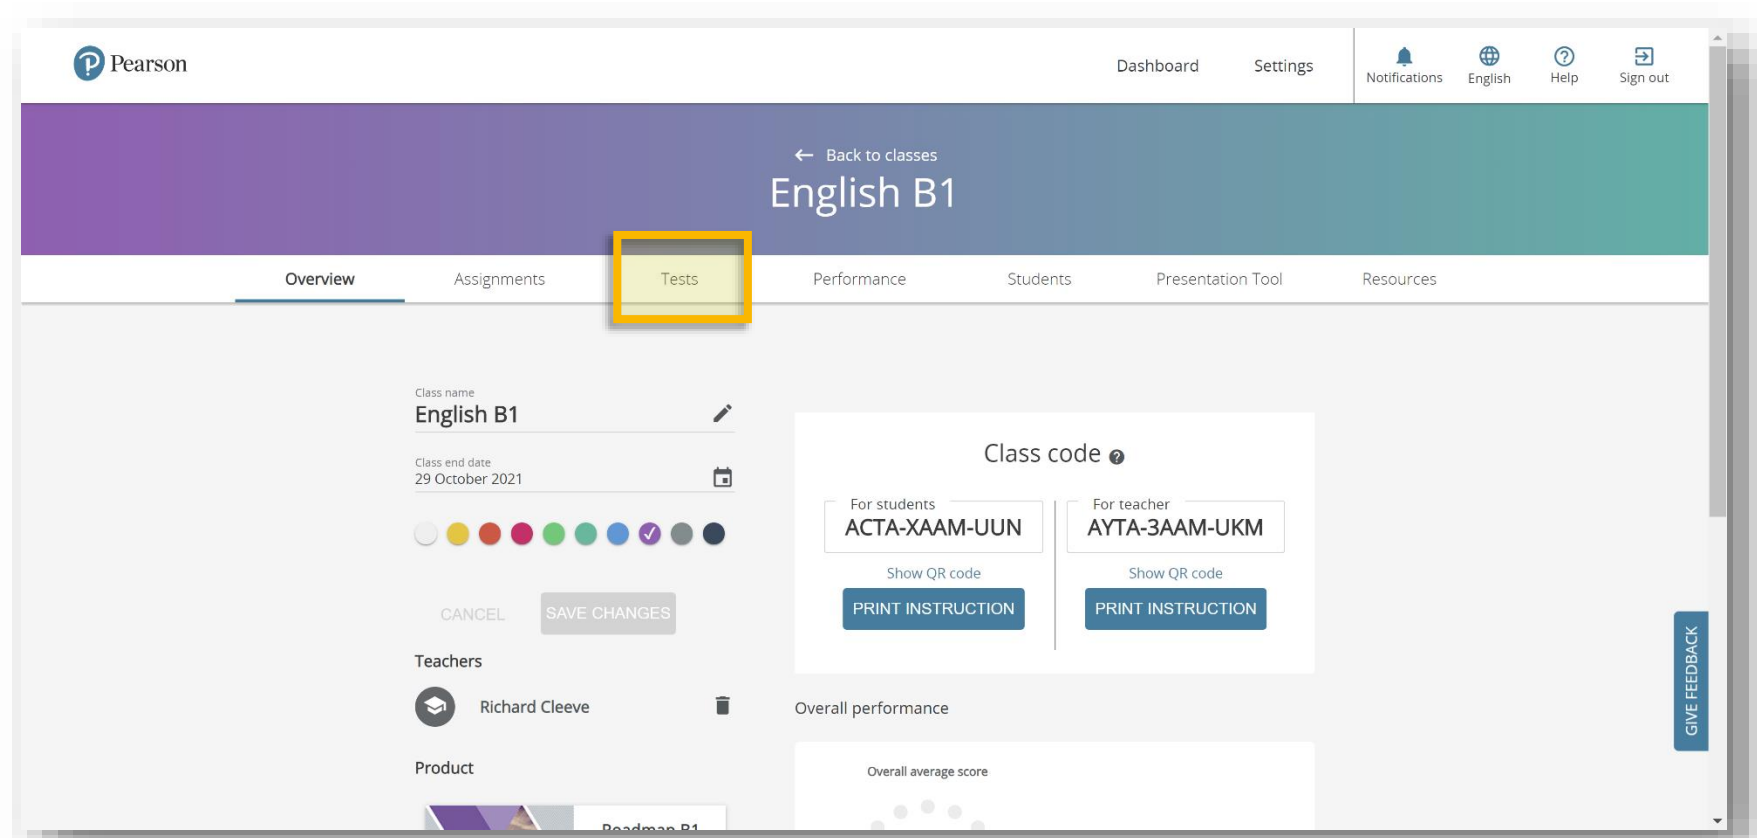

Or create a new class by clicking *Add New Class*.

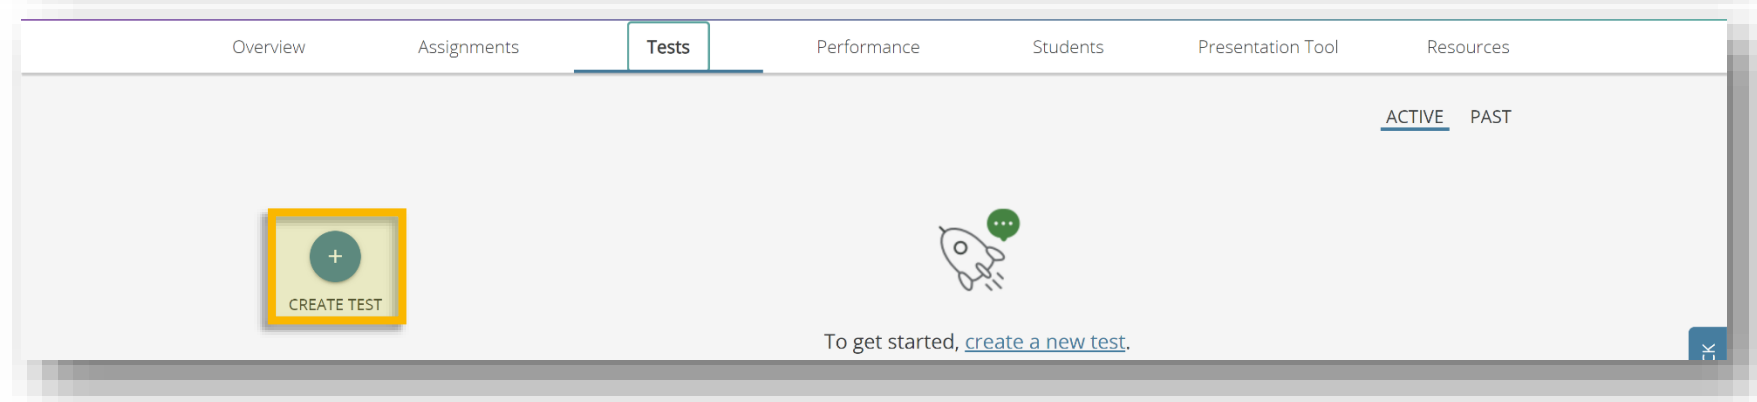

Test Generator on the Pearson English Portal

In the class view, click on *Tests* in the navigation bar.

Click *Create test*

Choose whether this is an online test or a paper test.

Creating a paper test will create a pdf that you can print off and distribute.

Give the test a name so your students and you can easily identify it.

Then choose:

- the activities to test,
- when to run the test, and
- the students to take the test.

You can also add instructions.
